4714 W Lake St (Units A & B)

Dear Bryon Finke,

We appreciate the opportunity to speak and meet up with you at 4714 W lake St. In our conversation, we discussed/agreed on installing New Services for unit A and unit B. As well as 17 lights in unit A and 13 lights in unit B. 2 exit signs, 4 switches, and 10 outlet receptacles in each unit.

As specialists in Electricity, For over 20 years, we honor ourselves in providing clients with professional services and quality. As you have seen with past projects we had installed and fixed. We are pleased to provide the following quote per your request. We will give you two quotes, one with materials and the other without materials.

Our quote for installing both services and fixtures, including materials, the cost will be $25,000. Since the prices for materials have gone up, it's a 3-Phase, and commercial. We look

forward to hearing from you. Please contact me directly at 773-387-7475 or 773-387-9286 anytime you have additional questions or requests.

Sincerely

Vicente Limon Serrano

Limon Construction of Chicago

Sincerely,
