Bryon,

Brads dog has bit four people now in under a year. Jeni, the incident you were called over, someone Seby legitimately had in there, and now Seby Saturday.

Brad is now harboring a stray female dog he found over at the warehouse. I've demanded it's removal from the property a number of times however Brad is ignoring my demand. Brad thinks he's going to now breed Murphy (the agressive male in question). The female dog and some kind of primal protection sensation appears to be making Murphy more agressive and attacked Seby unprovoked Saturday while we were working on my RV fixing something Brad broke and refused to repair.

As requested months ago Brad needs to be evicted.

Hey Ken - I spoke to Seby. I agree Brad remains a concern. Let's please do our best to communicate effectively and drive towards an objective of resolving this issue by end of year.
